I. SIGNIFICANT ITEMS

None to report.

II. OTHER ACTIVITIES

1. The USSR Basic Country Survey was completed December 18. This was the first instance where the course was offered on a two-week full-time basis and the response was encouraging. Ten students from several offices in DDI and DDP were enrolled. Their reaction to the course seemed to be very favorable. One of the students, fairly senior in SR with nine years of experience, volunteered a critique in which he stated this was an excellent course and should be very useful to him. Our hope is that he will spread this word throughout SR.

2. In the Anti-Communist Operations course beginning on 4 January we will introduce a problem for the first time.

3. The special Communist Party Organization and Operations course to be given for FDD beginning 4 January has been postponed until March. This was done at the request of  FDD Training Officer. The course when run in March will be three weeks, part-time. We are able to concentrate the four-week course into three by an agreement with FDD that the reading and study time will not be incorporated into the schedule.
